Thanks to Lil Harvey's husband Harv., Lu Smarts husband Roy and Rose Mary O'Brien's husband Bob and her son Mike. My special thanks to my husband for all of his help, without it, it would have been almost impossible for me to have gotten everything done. He made the signs, picked up from members who could not get their items to the sale, he helped with the clean up and the set up of the sale. But mainly he was very understanding during all of this, Thank You to my very special husband, Bill Marrs.

WAYS & MEANS REPORT

Our next and last fund raiser for 1983 that you voted to have is the Raffle. The plans are to hold the Raffle in November with the selling of tickets in October and November. The Raffle will be for a $100.00 gift certificate, unless anyone has another idea or suggestion, if you do please call me.

We will print the books of tickets and about the 1st of October mail a book of tickets to each club member. This year along with the book of tickets we will include a list of books that have been requested by members to be added to our library collection. If any member would prefer to donate towards the purchase of any of the books they may do so. This will give each of us several choices:

A. Sell the tickets
B. Buy the tickets
C. Return the book of tickets
D. Donate to a book of their choice

I would like to ask that any member who would prefer to not have the tickets mailed to them, please give me a call. It will save the club money in printing of tickets and in postage for mailing if we know you do not wish to participate in the raffle. And also if any member wishes more than one book let me know. The book of tickets will be $5.00.

For anyone not familiar with our Fund Raisers, this is the way we raise money to purchase library equipment, books, microfilm, and microfiche for the library. This is material that members wish to have in our library to help with their family research. None of this money is used for club expense, and none of the money from dues is used for library expenses. Some of the things purchased in the past has been: Table and chairs in the library and meeting room, Photocopy machine, Microfilm Readers, Microfiche Readers, Books, Microfilm and Microfiche. How this money is spent is decided by the members.

Fund raisers are the only way that we can add to our library for all of the members use. We hope that all of you feel a part of the club and will want to help. No member is forced to take part in anything that they do not want to be a part of. Each one of us must make our own decision as to what our participation in our club will be. However, I think that you will find that the more you participate and the more active you are in any club you belong to, the more you will gain from that membership.

The participation in the Club Garage Sale was great. I was so pleased that so many of our members worked and worked hard to make it a success, and I think that we all had fun doing it. This is written because I want each of you to know that what YOU do for YOUR CLUB is YOUR CHOICE to make.

Please, if you do not want tickets mailed or if you want more than one book of tickets let me know right away. Please call me evenings at 373-6945.

Marlys Marrs
Ways & Means Chairperson

P. S. Remember.....if you have any books, microfilm, microfiche or geneaology publications you would like to see added to our library, give your suggestions to our Club Librarian, Lu Smart as soon as possible. The book suggestion list will be compiled in September.

Steamer Dix by F. Perry

Despite the many problems of the Washington State Ferry System, nothing could compare to the tragedy on Puget Sound the night of Nov. 18, 1906 when the Dix collided with the steam schooner Jeannie.

The Dix was serving as a relief boat that night on the Seattle-Port Blakely run and most of the 77 passengers were Port Blakely residents. The Dix sank in 103 fathoms of water and was never raised from its final resting spot just off Alki Point. Some of the passengers managed to clamber aboard the Jeannie and a few clung to the martingale under the bowsprit. The remainder were either spilled off the tilting decks or were imprisoned in the cabin of the sinking vessel.

As was the custom, the Captain had gone below deck to collect the fares and make out his report, leaving command of the small boat to the mate, Charles Dennison.

Those lost included:

Charles Dennison, the mate of The Dix.
James Parker, engineer of the Dix. (Also his name has been given as George F. Parks, 32 years old, resident of Kent, wife and two children.
C. J. Kenny, Sergeant First Class, Hospital Corps, USA, Ft. Warden.
Mrs. Frank Granger, Spokane
John Keating, St. Paul
Charles Williams, Ballard
Joe Buscher, Bremerton

The following were from Pt.Blakely:
Mrs. T. C. Ford, wife of the superintendent, Port Blakely Mill Company.
J. D. Belair, filer, Port Blakely Mill.
Fred Boulet, filer, Port Blakely Mill.
William Bracewell, longshoreman
Peter Buzatti, barber
Charles Byler, store manager
William Byler, clerk in store
Axel Carlson, planer man
Ralph Clark, store clerk
Bazzintia Garcia, Filipino
J. W. Geal
Frank Gordon
Martin Hanse calker
Peter Larsen, oiler
George Lubbering
Mrs. George Lubbering
Albert McDonald, tallyman
Albert McDrury, tallyman
Frank McQuerrie, shipping clerk
William Maher
August Nelson
Mrs. August Nelson
Fred Piggott, filer
Rowland C. Price, son of postmaster
A. C. Reynolds
James Sloan, tallyman
James N. Smith
Mrs. James N. Smith
Arthur N. Smith, aged 3, son of the above
Swan Swanson
A. Webster, tallyman

In addition there were five Japanese and three Chin unaccounted for.

The ensigns of the schooners Invincible, Ruth E. Godfred and Kona were flown at half mast in the Port Blakely harbor. Among the survivors were crewmembers of these ships including Capt. William Tobin, A. Borgland, John Blason and Alfred W. Dickson.

NEW ON THE SHELF AT PSGS - A SPECIAL REVIEW

Guide to Genealogical Research in the National Archives. 320 pp. Rev. 1983.

The National Archives has expanded and enlarged its useful reference publication, making it easier to read and understand. This new version includes illustrations of various documents and several helpful tables, including a comparison table showing the contents of census schedules from 1790 to 1910. More than 500 types of records are reviewed and described, including such basic genealogical sources as censuses, ship passenger lists, pension records, military service records, and land records. In addition, you will find information on "Fourth of July" claims, enumeration districts, passports, and postal route maps.

The Guide describes the content of each set of records and gives references to National Archives microfilm and other printed sources. There are special chapters on Black Americans, Indians, Merchant Seamen, and others.

The National Archives Trust Fund Board has donated a copy of this new Guide to our PSGS Library. However, this new edition is so helpful you will probably want to have your own copy for reference at home and on research trips to the Federal Records Center at Sandpoint. Our library will be placing a group order, so please contact our librarian for further information if you would like to order a copy.

MILITARY PENSION FILES:

Orders for military pension files will be filled by sending microfiche instead of xerox copies in the near future. This decision was made to facilitate the filling of ever-increasing numbers of requests. Photographic shops can make paper copies of these records for those who want them. On microfiche you will receive all the applicant's file rather than the selected papers now sent.
