MICROFILM RENTAL FROM NATIONAL ARCHIVES

Interlibrary loan service of selected National Archives microfilm publications to libraries and research institutions has been provided by the 11 regional archives branches, one of which is in Seattle. However, as of August 1, the Archives has decided that, to operate this program more efficiently and provide better service, centralization of loans will be accomplished. As of August 1, our library will have to send requests for interlibrary loan of microfilm to the Federal Archives and Records Center in Fort Worth, Texas. Therefore, individuals ordering microfilm should be prepared to have it take slightly longer for the film to arrive.

CLUB CORNER (continued)

A MESSAGE FROM YOUR PRESIDENT

In this issue of your Bulletin you will find the suggested By-Laws Amendments for the addition of Local Chapters to our Society. Please read them over very carefully because we will be discussing and voting on them at our October meeting.

One change in the By-Laws, the raising of dues, I would like to tell you the reasoning behind it. Our dues have been \$6.00 since the establishment of our club in 1974. We have never had an increase in dues but, because of rising costs, we have found it necessary to have fund raisers to cover our club's running expenses. I am sure all of us are aware of the increase in the cost of everything. Your Board of Directors recommends that we raise dues to cover the expenses of our club and that the Fund Raisers be only for the purchase of books for our library or for equipment for our club room and library. This would eliminate the pressure on the members to raise money just to keep our club going.

Remeber, this will be voted on at our October 9th meeting. Please express your feelings on this by attending the October meeting and voting or by sending a letter to me or any of the club officers, telling us how you wish to vote on the amendments as a whole or on any single amendment.

RESOURCE FILE UPDATE

Madge Norton (phone 876-3980) has a Cemetery Record Book from Jo Daviess County, Illinois (Menominee, Woodbine and Elizabeth Townships) which she would be happy to check for any member calling her.

Also, Willard and Nora Hoover (phone 876-4219) have a book covering the history of Washington State, published in 1893 and containing over 1,000 biographical sketches and some portraits. The book is the Illustrated History of the State of Washington, Pen Pictures from the Garden of the World by Rev. H. K. Hines, D.D.

JUST A REMINDER

The Club library has a file of members' surnames and an area file. In your research, don't overlook the obvious. It just could be that elusive ancestor of yours also belongs to another club member. Also, new members are reminded to please turn in your pedigree charts so that these files can be brought up to date. To our "old" members, as you learn new information and take your pedigree back more generations, please file a new sheet incorporating this information.

FEDERATION OF GENEALOGICAL SOCIETIES -- VITAL RECORDS UPDATE

CANADA -- VITAL RECORDS -- ARCHIVES

NEW BRUNSWICK

The Provincial Archives of New Brunswick, P. O. Box 6000, Fredericton has a large collection of genealogical material at the Bonar Law-Bennett Building, University of New Brunswick. Included are microfilms of marriage records, by counties, prior to 1888. Some of these films are indexed, some are not. These records start at various dates; in the County of Westmoreland they go back to 1790. Each county has its own cut off date, but most are up to 1887 or 1888.

NEWFOUNDLAND & LABRADOR

The Provincial Archives located on Military Road, St. John's, NF A1C 2C9 has approximately 80 volumes of Vital Statistics records, some of which date back to the 1750's. These were copied from Parish Registers in the 1940's and until recently were held by the Department of Health, Vital Statistics Division. They go only up to 1890-91. These records are open to the general public, but no microfilming or photocopying of the records is permitted.

ONTARIO

Located at 77 Greenville St., Queen's Park, Toronto, the Archives contain church records, cemetery records, marriage records, Upper Canada marriage bonds, marriage licenses, and marriage certificates. The marriage registers are in 86 volumes and in some instances go to the year 1934.

NEW BRUNSWICK EARLY MARRIAGE RECORDS -- A WARNING!!!!

The following item appeared in the March Newsleaf from the Ontario Genealogical Society: "WARNING. If you receive publicity notices from an address in St. John, N.B. for a book entitled above, it would be prudent to check very carefully before sending any money. We have received a warning from a correspondent who says that she sent a cheque but did not receive a book, and who states she has found others in the same position."

UNITED STATES -- VITAL RECORDS

NEW MEXICO -- ARCHIVES

From the State Records Center and Archives, 404 Montezuma, Santa Fe: "In New Mexico, civil records of deaths and births were not created until 1907. Records of marriages, on the average, date from the 1860's. Persons doing genealogical research in New Mexico must rely (sic) greatly on the Archives of the Archdioceses of Santa Fe. These Roman Catholic Church records have been microfilmed and the microfilms made available to researchers working at this agency. As the State Records Center continues to transfer County Marriage Records, for the territorial period (1846-1912) from the various counties, we will microfilm these records and make the microfilm available."

VITAL RECORDS UPDATE -- continued

THE SUTRO LIBRARY -- SAN FRANCISCO, CALIFORNIA

An excellent genealogical library, the Sutro Library in San Francisco is in danger in the California State Senate!! The Library Subcommittee of the California State Senate is analyzing whether it is a proper function of the California State Library to operate and maintain the Sutro Library. Until this vital question is settled, the Legislature is also considering the elimination of the Sutro's entire acquisition budget. If you would like your feelings to be known to the subcommittee, write to the following California State Senators: Senator Albert S. Rodda, Chairman, Senate Library Comm. Room 5052, State Capitol Bldg.
Senator John V. Briggs Room 2062, State Capitol Bldg.
Senator David A. Robert Room 5112, State Capitol Bldg.
All at Sacramento, CA 95814.

WISCONSIN -- ARCHIVES

From the State Archivist: "The State Historical Society of Wisconsin and the Genealogical Society of Utah are currently engaged in a program to microfilm all Wisconsin vital records for the years prior to 1907. Microfilming has been underway for over one year now, with completion of the project anticipated in approximately eighteen months. Once completed, copies of this microfilm will be deposited and available at the State Historical Society. It is anticipated that an additional copy will be made available for interlibrary loan through the Society's library. . . . Copies will be available also through the Genealogical Society of Utah's wide system of branch libraries. . . . We do not anticipate that any of these materials will be available for general use earlier than January 1982."

We believe that Wisconsin will probably be the first state to provide genealogists with access to all old vital records at their State Archives.

WASHINGTON

Due to circumstances beyond our control, the Federation's Bills (1) To Open Vital Records for Genealogists and (2) To Prevent the Fraudulent Use of Birth Certificates, missed the deadline for filing new Bills in the 1980 legislature. While we regret the delay, we are assured that a member of the legislature will see that these Bills are introduced on time for the 1981 session. We intend to use the interim in getting better prepared for 1981.

Scotch-Irish Pioneers -- Charles K. Bolton. 388 pp. Illustrated and Indexed. Atlantic Bridge to Germany, Volume V -- Charles M. Hall. 76 pp. This volume covers the area of Bremen, Hamburg and Schleswig-Holstein. Although Bremen is not geographically connected to the other two states, because of its historical connection as an independent trade city, it has much more in common with Hamburg and certain Schleswig-Holstein cities than it does with the surrounding area of Lower Saxony and Oldenburg, thus the author includes it here. Book No. GER 9. (Note the PSGS Library also has Volumes I, II, III, and IV).

DIFFERENT FROM NOWADAYS

Living in an age of computers and facts, we become accustomed to dates and factual information on our tombstones. The genealogist of tomorrow thus may have better information, but he may miss out on the folklore, humor and fancy of the old tombstones that present day genealogists find as we search the weathered monuments of our ancestors.

Our ancestors lived closer to death, and death was a part of their lives, to be looked on somewhat as a friend to be joked with and taken rather lightly sometimes. Often the humor was intentional and deliberate, such as one Arthur Haine who placed on his stone "Haine Haint". Often times, however, unintentional humor resulted, as when a stonecutter left the final "e" off an important word on the stone: "Lord, she is thin", leaving the reader to wonder if this was an error or a comment of the husband on his wife's condition.

Sometimes, a few scattered gravestones are all that mark the site of a once thriving town. In the western United States, many cemeteries also bear testimony to the fact that little fuss or ceremony was accorded the deceased. For example, one westerner who innocently bought a stolen horse and was hanged is buried under a marker which simply reads, "Hanged by mistake". Another faded marker reads, "Here lies Lester Moore, Four slugs from a forty-four, No Les no more".

Sometimes, much can be learned about the person's life, an example of this is found in the terse tale of a Nova Scotia woman: "18 years a maiden, 1 year a wife, 1 day a mother, then I lost my life". Or, how about: "Talked to death by friends", or the macabre information "Mr. Gilman Spaulding killed with an ax by an insane brother". (One wonders what the brother's stone read).

So, before many of the old gravestones are lost to time and "progress", try and sample a way of life that is fast becoming extinct and certainly is "different from nowadays".
